SEVENTY-FIRST ANNUAL REPORT

OF THE

EXECUTIVE COMMITTEE

For the Year ended 31st December, 1940

ON behalf of the Executive Committee of this Hospital, I have pleasure in presenting the Seventy-first Annual Report together with the Balance Sheet and Accounts for the year ended 31st December, 1940.

It is a matter of gratification that the general income has been maintained and grateful thanks are extended to Subscribers and Donors, including The King Edward's Hospital Fund for London, The Hospital Sunday Fund, the Alexandra Rose Day and London Hospitals Central Committees, as well as the Committees of the Ladies Association and the Hospital Equipment Fund.

Contributions from the Ministry of Health cover the costs of the Emergency Hospital Scheme.

General conditions throughout the year inevitably created increased responsibilities, which, combined with rising costs under almost every heading, account for the increased expenditure.

The services of the Hospital were called upon by Members of His Majesty's Forces, as well as the general public, including Air Raid victims.

In the interests of economy it is essential to curtail this report and the customary acknowledgments to individual Voluntary workers are not possible. However, the Committee extends warmest thanks and appreciation to all those who gave their services to the Hospital, including the Honorary Consultants and Members of the Honorary Medical Board, the Ladies of the Needlework Guild, the Members of the Surrey 228 Merton and Raynes Park Detachment of the British Red Cross Society and the Order of St. John, as well as the Stretcher Bearers and Fire Watchers who maintained regular attendances at the Hospital every night.

In conclusion, sincere appreciation is accorded to the Matron, Miss Brown, and her Nursing Staff for the excellent manner in which they have carried out their duties in the face of many unusual difficulties.

M. M. EDWARDS,

Hon. Secretary.

REPORT OF THE LADY-ALMONER

THE number of Patients admitted during 1940 was 1293, representing a reduction of 79 on admissions during 1939. The average number of days each Patient remained was 15.82, showing a reduction of only 423 Hospital days compared with a reduction of nearly 2,000 days in the 1939 Return.

Of 1293 In-Patients, 855 were admitted from addresses in Wimbledon ; 114 from Merton, Mitcham and Morden ; 140 from New Malden and Kingston areas ; 70 from Putney and Wandsworth ; and 114 from other districts.

The Attendances of Out-Patients—7686—show an increase of 345 over those of 1939.

Contributions received direct from Patients, or through claims made upon their Provident Schemes in accordance with vouchers submitted by each Patient, amounted to £6,644, representing an increase over the previous year of £1,081 from the same sources.

ACKNOWLEDGMENTS

On behalf of the Committee I acknowledge with most sincere thanks all help given to the Almonry Department ; the gifts of Subscribers' Letters for Convalescent Homes and for Surgical Aid Society Benefits ; for the unfailing co-operation of the various voluntary social-service organisations, chief among which are the Wimbledon Branch of the Invalid Children's Aid Association ; the Wimbledon Guild of Social Welfare ; the Wimbledon Division of the British Red Cross Society (Ambulance) ; the Wimbledon Common Cottage Convalescent Home, and the Florence Nightingale Guild (Samaritan Fund).

M. GRANT, *Lady-Almoner.*
